

CERTIFICATION PROGRAM

Examination Score Report

Satrya Fajri Pratama

Oracle Testing ID: OC2213396

1Z0-817 Upgrade OCP Java 6, 7 & 8 to Java SE 11
Developer

Exam Date: 8/21/2020
Registration: 380167723
Center ID: Proctored

**Your
Score:** 79%

**Passing
Score:** 61%

Result: Pass

Feedback on your performance is printed below. The report lists the objectives for which you answered a question incorrectly.

- Create and use lambda expressions with local-variable type inferred parameters
- Define and write functional interfaces
- Design a service type, load services using ServiceLoader, check for dependencies of the services including consumer and provider modules
- Extract stream data using map, peek and flatMap methods
- Implement decomposition and reduction with Streams
- Sort a collection using lambda expressions
- Use Stream API with Files
- Use built-in functional interfaces including Predicate, Consumer, Function, and Supplier
- Use jdeps to determine dependencies and identify way to address the cyclic dependencies
- Use local variable type inference
- Use primitive and binary variations of base interfaces of java.util.function package
- Use try-with-resources construct

If this is the final exam in your certification path, you are required to complete the following steps.

- Visit certification.oracle.com and select your certification path to ensure you are aware of all certification requirements.
 - Note that completion of the required training and approval of the course submission form are also required in paths that require training.
- Check certview.oracle.com to confirm that all completed components are in your profile.
 - If exams that you have taken do not show up, you may have taken them under a different Oracle Testing ID.
 - Contact www.pearsonvue.com/oracle/contact to merge your IDs (provide all IDs under which you have taken exams or submitted forms and confirm which ID should be the 'surviving id').
